

## **BLACKWOOD FIRE COMPANY OPERATING GUIDELINE**

### **4.10 USE OF STAFF VEHICLES**

- 4.10.1 The following are the primary assignments of station staff vehicles:
- 845 Ford Pick Up – Blackwood Rd Station Utility Vehicle
  - 847 Ford Crown Victoria – Central Ave. Station Fire Prevention
  - 848 Dodge Durango – Central Ave. Station Command Vehicle
  - 849 Dodge Durango – Central Ave. Station Utility Vehicle
- 4.10.2 848 should be maintained locally as the Command Vehicle and used for the response of Command or Duty Officers. Command officers will also have the use of the vehicle for routine company business and meetings.
- 4.10.3 847 is primarily reserved for use of the Fire Prevention Bureau. Non emergency use of 847 should be coordinated through the Chief or Fire Official.
- 4.10.4 845 and 849 may be used for routine Company business and travel to schools and approved Company functions.
- 4.10.5 845 and 849 may also be used for routine business and fire prevention activities during weekday work hours. Use of these vehicles should be coordinated with the career staff Monday to Friday 0600 x 1800.
- 4.10.6 Members will have their PPE with them when using staff vehicles on local business (within or adjacent to response area)
- 4.10.7 Duty Officers may take home and utilize a staff vehicle for limited personal business while on duty. Duty Officers are expected to respond to all incidents while assigned a duty vehicle.
- 4.10.8 Limited personal business includes only activities and actions which would not reflect negatively on or detract from the reputation of the Company.
- 4.10.9 When a Company Officer is staffing the Duty Officer position, utility 849 or another vehicle may be reserved for use of the Command Officers for incident response.
